MEMORANDUM FOR: Director of Research and Development

THROUGH : Special Panel/ORD

SUBJECT : Recommendation for Promotion

25X1A9a [REDACTED]  
GS-6 to GS-7

1. This memorandum contains a promotion recommendation for your approval. The recommendation is stated in paragraph 3.

- 25X1A9a 2. This action is requested due to a change in status of [REDACTED] since he entered on duty from a clerk to a computer programmer. His request for training as a programmer was approved and his courses were completed in May 1968. Since that time, he has been assigned duties as a programmer, working side by side with GS-11's, 12's and 13's at a comparatively high level of competence. His performance has been unusual for his level of responsibility. It is felt that his move to a professional status will make a decided contribution to ORD and to the Agency.

25X1A9a 3. It is very strongly recommended that [REDACTED] be promoted from GS-6 to a GS-7.
